EAGLE POINT SPEECH TOURNEY

By Julie Catton

A speech tournament was held at Eagle Point High School on Thursday, October 16. Students participating from Butte Falls were: Ed Flaa, Gerriane Huey, Bob Moore, Katrina Sanchez, John Schloesser, and Eric Vorbeck.

Each student was to prepare a speech previous to the tournament. Their speeches had to pertain to a specific category. Eric and Katrina presented expository speeches; Gerri, Bob, and John delivered humorous readings; and Ed gave an oratory speech.

Speech coach Mrs. Mason was pleased with her students performances, and felt that the contest was a valuable experience for her speech students.

Special congratulations to Bob and Ed who both made it into the final rounds, placing fourth in their categories.

WE MADE IT!!

State Volleyball Tournament

By Angie Ellis

For the first time ever in the sport of volleyball at Butte Falls, the Lady Loggers made it to the state play-offs and brought home a 3rd place trophy.

The tournament was held in the Chiles Center at the University of Portland. There were also the AAA and A state play-offs being held at the same time.

It was pretty ironic seeing five higher ranked division teams that we had already won in previous non-league matches playing at the same tournament. These teams were Henley, North Douglas, North Valley and more. The four teams competing in the B state play-offs were Arlington (who ended up #1), Dayville (#2), Butte Falls (#3), and Perrydale (#4).

The first match was against the Arlington Honkers. This was held on Thursday at 2:30. The Honkers took control of this match winning 15-12 and 16-14. This loss automatically placed the girls in the consolation game for 3rd and 4th place. Though off to a rather slow start, they did manage to win 15-7, 15-12, 15-9.

Although the girls didn't play the best ball of their career, I'm sure their fans are still very proud of them for they have just made history as the first volleyball team to represent Butte Falls in a state tournament.

Good job girls!!!

Congratulations to Heidi and Carrie Stritenberg who made the All-Tournament team.

PRIDE INSIDE

By Jeff "Buzzy" Rambo

The spirit at Butte Falls High School is great: I'm now proud to see everyone out on the field and in the pep assemblies yelling, screaming, and cheering everywhere.

The past few year's spirit has been low and fewer people have yelled, but now that is changing. It is still at a dull roar, but it is slowly growing into a screaming giant that won't shut up for anything!

The reasons why are of little concern to myself. I am just glad to see it back. I like to see the school at an assembly, yelling like they should; as one person very loudly.

Keep up the good work everyone and there is no way SPIRIT will die. Don't let it die. A school without spirit and pride in itself is dead. Show your CHANT, and shave all your hair off! I don't care how you do it, just show your spirit!

SOSC COLLEGE VISITATION

By Julie Catton

The top juniors and seniors attended a college visitation at Southern Oregon State College on Friday, October third. All of the state colleges and universities were represented there.

The day started out with a general opening session, where they showed a slide of the college campuses across the state. Next, each student had the opportunity to attend three college presentation sessions of their own special interest.

The students seemed to have positive reactions towards this event. "It gave me lots of information on colleges that I might be interested in attending next year" commented senior Angie Ellis.

ENGINEERS OFFER SCHOLARSHIP, GRANTS

The National Society of Professional Engineers is making available grants and scholarships to aid high school seniors interested in pursuing engineering careers, Larry Horton, local chairman of the nationwide scholarship program, announced today.

Horton, who heads the scholarship effort of NSPE's Rogue Valley Chapter, said students will be selected for the awards on the basis of academic standing, participation in extra/curricular activities, evidence of leadership, character and self-reliance, comments of teachers and administrators, and financial need. NSPE Scholarships are provided with cooperation of 35 leading companies and educational institutions; recipients will receive awards of \$1,000 to \$4,000 with some full scholarships.

To be eligible for the awards, a student must be a high school senior ranking in the top quarter of his or her graduating class, plan to enroll in a college or university with an engineering curriculum approved by the Accreditation Board of Engineering and Technology (the profession's accreditation body), and be a U.S. Citizen or plan to become a naturalized citizen. Students must have a GPA of 3.0 or better for the 10th and 11th grades, and an SAT verbal score of at least 500 and an SAT math score of at least 600.

Students must submit scholarship applications to the local chapter by December 12, 1986; National winners will be selected by March 31, 1987. Horton also indicated there are available 24 undergraduate scholarships for college level juniors and seniors and transfers from Junior Colleges to engineering schools. For applications and more information on the NSPE Scholarship program, contact Mrs. Morris or scholarship chairman, L.S. Horton, c/o Marquess & Associates, Inc., Consulting Engineers, 1120 E. The History Of Halloween

THE HISTORY OF HALLOWEEN

By Julie Catton

WE ALL KNOW the night of October thirty-first as a time to go trick-or-treating and a time to have fun with friends. It is a time for ghosts and goblins, Jack-O'-Lanterns, demons, devils, bats, black cats, and witches.

For us, it is a time for fun and games, but have you ever thought about the real meaning of Halloween and where it originated?!

For the Celtic people who lived over 2,000 years ago in what is now known as France, October thirty-first was a night that was greatly

feared by all. They believed that the souls of the dead returned to their earthly homes on this evening.

A huge bon fire was built, which was considered sacred. They burned animals, crops and even human beings as sacrifices to honor Samhain, their Celtic Lord of death.

At this festival, people wore costumes made of animal heads and skins. November first was the start of their new year, so on the night of October thirty-first, they told fortunes about the coming year by examining the remains of the animals that had been sacrificed.

Over the years, the Celts' customs almost vanished because of a new religion--Christianity. But the "Spirit" of Halloween lived on.

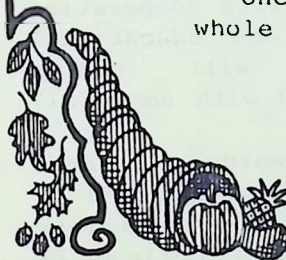

Thanksgiving

The year that is drawing toward it's close has been filled with the blessing of fruitful fields and beautiful skies. Their bounties... are so constantly

enjoyed that we are prone to forget the source from which they come...it has seemed to me fit and proper that they should be solemnly, reverently, and gratefully acknowledged as with one heart and one voice by the whole American people.

Abraham Lincoln

National Thanksgiving Proclamation, 1863

Jason Thompson last attended Medford Mid-High. He seems to think Butte Falls is pretty rad so far. He has no dislikes yet anyways. The only problem so far is doing all his work.

Jason's biggest wish is to become a rock star. He would like to play the electric guitar since his hobby is music.

Here are some of Jason's favorites:

Good luck this year Jason!

Robert Hardgrave

One of our new juniors, Robert Hardgrave, came to us from Eagle Point. He lives in town with his mother. Robert seems to like smaller schools better because a student has more time with their teacher and everyone is friendly, but a person can't get away with as much.

Over the summer Robert partied a little bit. He and his cousin John Hall seemed to find trouble, and trouble seemed to find them.

Here are a few things to know about Robert:

VOLLEYBALL

BUTTE FALLS vs. HENLEY

By Angie Ellis

One of the first matches of the season for the Lady Loggers was against the Henley Hornets. They first met at the Chiloquin tournament where the Loggers won two out of three games. The teams met again on October 14, only this time it was on home ground.

The first game was taken by Henley, with very little enthusiasm shown by the Logger team, with a score of 15-7. Coming back in the second game, realizing they couldn't just wait for the Hornets to make mistakes to let them win, the Lady Loggers held the Hornets to 11. The third game was taken more at ease as the girls played together showing their intensity and potential as a "state" team should.

The crowd was very impressed with the length of some of the rallies that were played, and many compliments were shouted throughout.

As an all around game the girls did an excellent job. They played and moved well and showed that they could come back at any point of the game.

Julie Catton had a very good night as an all around player; her setting, hitting, and net plays seemed without error. Kathy Dalton's serving ability really shined, as many of her serves could not be returned by the other team. Carrie, Heidi, and Gerri contributed by Putting down 13 blocks and 10 kills. Jamee', who came in to substitute, worked especially well in the backrow along with Julie Wallace.

Good job girls, and keep it up!

DISTRICT

By Angie Ellis

THE LADY LOGGERS ENDED up with another league season undefeated which automatically placed them into district tournament on November 1. Cascade Christian, Days Creek, and Elkton were also there.

The first game was against the Elkton Elks. This match was taken easily by the Lady Loggers with scores of 15-3 and 15-2. The girls played very well together even though they got off to a slow start.

North Valley Tournament

By Angie Ellis

At the North Valley Tournament, Butte Falls got to face the North Valley and Lakeview Varsity teams.

The girls lost the first match against the North Valley Knights, 15-5, and 15-10, but came back to win Lakeview 15-13, 16-18, and 15-9.

During the second match, Heidi hurt her ankle which caused a mental let down on the Logger team.

Julie Wallace who came in to replace Heidi after the accident said, "We didn't play good, but we didn't play bad. Our attitudes and our communication just were not there."

Jamee' one of the four seniors on the team says, "The teams there were competitive to us when they shouldn't have been. We beat ourselves!"

"We saw how bad we could play and maybe it won't happen again. It was a good experience and we should look at it as positive as possible. We had individuals who played well, but as a team we weren't mentally there," said Coach Monahan after the games. "I'm just glad we got it out of our system."

* * * * *

The next two games would be the test. Being defeated by Days Creek already once before in the season made the girls want to win even more. In both matches, the Wolves thought they had it in the bag, but it seems our girls play a little better under pressure because they came back both times to win the matches and take home a first place trophy leaving Days Creek as number 2.

All the games were exciting and the crowd was the best I'd ever seen. It seemed everyone had to in their little cheers, as Mr. Catton led the all famous "Butte Falls..." yell, and the whole crowd actually jumped up and did the truckin' and lean cheers. Your support was greatly appreciated by all the team members. Thank you.

Also a special congratulations to Heidi Stritenberg, Carrie Stritenberg and Angie Ellis for making the All-Tournament team.

Good job girls!!!

POWERS GETS SMASHED BY THE LOGGERS

By Kathleen Boyd

"Touchdown!" was a common word heard by the Butte Falls fans and players at Powers. The weather turned out excellent and the players did, too.

Coach Brown said everyone put out a 100% effort that day. He also said that Fred Frison had an excellent running game, and Sean Callahan was great on defense. Brown mentioned that Bill Boyd, for his second game, is really doing good and should be real tough by the playoff's.

He thought Powers was tougher and that they should be tough in the future, due to all the young players they had this year.

Coach Brown and, I think everyone else would agree, that the officials were pretty bad.

There were no injuries, so everyone is in good shape for Elkton. Lets get'em boy's.

A SORRY DAY FOR ALSEA

By Ed Flaa

Alsea and Butte Falls went head on for the win. Thursday, October 9, Alsea left Butte Falls shocked from their losing to Butte Falls, 66-14.

Some players views on the game were "Alsea was a fairly good team," "they had good athletes"; "Our team did exceptionally well," said Tim McGuire, defensive end. Tim also commented, "Our whole team was pumped up for the game."

Mike Pipgras said, "Alsea tried, but it turned out to be a good game for us. Our attitude for the game was to win."

In Jody's eyes, the game was fun and a real blast. He said "It was the funnest game yet. Alsea was a good team though. Their attitude wasn't real keen. They thought they were hot stuff and they were saying 'you are in the wimpy league Butte Falls.'" Jody plays guard for both the offense and defense.

GREAT GAME GUYS!

WE'RE IN THE QUARTER FINALS

By Ed Flaa

Victory, was the word being passed around Butte Falls when the Loggers beat Elkton, 72-26, on October 24. When asked about his views on the game, Isaac Callahan commented "We stomped them. We were better then they were and we played real good." Isaac also said, "The brawl was great."

Sean Callahan also commented, "The game was played very well by us. We could have played a little better, but it was alright."

When Tom Dunning, safety on defense and running back on offense, was asked about the fight in the game and getting kicked out of the game he said, "I saw the fight and saw a chance to cheap shot somebody, so I jumped in and pulled on number 82's face mask and scratched his face. The referee then grabbed me and said, 'get your "blank" out of the game number 28.' Before the fight began, words were flying." Tom's goal for the rest of the football season is to have the most tackles on the team.

Even though "victory" was not shouted out by Elkton, they were a good team and they played well.

FOOTBALL FINALS

The last time that Butte Falls made it to the state B play-offs was in 1973. With the talent that they have this year, the Loggers are headed to the top again.

Last weekend the Loggers defeated the Eddyville Eagles with the final score of 86-28. This victory places them in the semi-final game that will be played this weekend against St. Paul on our home field.

St. Paul may prove to be a tough match for the Loggers since they beat Prospect 54-0. If they win this game, they have an automatic birth to the state game.

Let's all be there to cheer on our team and show a little spirit. Keep up the good work guys. We're proud of you!!

WHAT A SLAVE GOES THROUGH IN ONE DAY

By Ed Flaa

Slave day for the seniors was not another ordinary day!

The seniors were auctioned off on Tuesday, September 30. Most of them went for a fair price. Eric, sold to Mr. Catton, was the highest paid slave. He was bought for five dollars for the day. After Eric finished doing his duties for Mr. Catton, Mrs. Catton felt sorry for him and baked him a batch of chocolate chip cookies.

Fred, on the other hand, didn't have it so easy. His owner, Tim McGuire, made Fred get down on his knees and tell all of the teachers that he loves them. Fred said that for revenge he will buy Tim, if there's a sophomore slave auction in the future, or simply smash his head in during football practice.

Angie ended up giving a piggy back ride for Bobby so that he could get to his locker in case. Angie then had to clean it out. She also had to clean out his car for him, which was a total mess according to Angie. For revenge, Angie made him get on his knees and say he loved her. Then he had to do other, unprintable, things. He did all of this and a lot of whining to get his car keys back that Angie had taken when she was cleaning his car.

Mr. Hartley bought Tonya and Jamie for a "two for one sale." He had them say, everytime that they were spoken to, "Thank you for speaking to such a low life as I. Scumbate is more important than I, because I am only a senior. Thank you!"

Heidi was almost made to crawl to Mike Rodger's sixth period class with him on her back. Luckily, the bell rang and Mike let her off.

Tom Dunning's slave, Mildred, had to take all of his classmates' books to each of Tom's classes.

Rob, Jay, Lori, and Cindy were all bought by Mr. Dishman. He had to pay a total of \$9.90.

The rest of the day went well for everyone else. The Seniors, on the other hand, had a pretty bad day, but they did real well under the circumstance. Great going "slaves"!
